General Information

- **Paving to be performed at night. Shift will be 8:00PM – 6:00AM**
- **Sidewalk, striping, and signal work is expected to be performed during daytime hours**
- **Residents will have full access to their properties during project operations, although they may experience very slight wait times while work is being performed.**
- **Emergency vehicles will always have access to any road that paving operations are taking place on.**
- **Residents should expect noise impacts during the nighttime work.**
- **Portable message signs will be placed at each end of a detour route two weeks prior to implementing the detour.**
- **Paving portion of the project to be complete late fall of 2024.**

Schedule

- **Early Summer 2024:** **Start Construction**
- **Late Fall 2024:** **Complete Paving, Curbing, and Sidewalk**
- **Spring 2025:** **Substantially Complete Work**
